

Brownfield's Targeted Site Assessment Application

APPLICANT ORGANIZATION

Name of Applicant: _____
Address: _____
City/State/Zip: _____
Contact Person: _____
Phone/Fax/Email: _____

SITE NAME/PARCEL

Site Name: _____
Site Address: _____
City: _____

CURRENT SITE OWNERSHIP

Name: _____
Address: _____
City/State/Zip: _____
Phone/Fax/Email: _____

Total Acreage of Site (attach site map, if available): _____

Buildings on Site: _____

Approx. Square Footage: _____

Condition: (e.g., usable, partially razed, gutted by fire, etc.) _____

Past Site Uses: (type of manufacturing, etc.) _____

Approximate Dates: _____

Amount of Delinquent Property Taxes (if any) \$ _____

Assessed Value \$ _____

Describe the anticipated flow of ownership of site/property throughout the process of assessment, cleanup, and redevelopment and describe any problems, particularly with respect to liability, associated with the ownership scenario that you anticipate.

If the property is not owned by the applicant, describe any plans for acquisition.

If the property now owned by applicant, does applicant envision difficulty in obtaining legal permission to enter the property to conduct site assessment activities?

Yes ☐ No ☐

Explain how access for assessment activities will be secured.

Briefly describe any involvement/role of state environmental agency or EPA in enforcement and/or oversight of assessment/cleanup of candidate site.

Known or Suspected Releases of Hazardous Substances, Pollutants or Contaminants

Describe the environmental concerns related to the property and any known or suspected releases of hazardous substances, pollutants or contaminants (including Petroleum).

Prior Assessment Activities: ☐ None ☐ Unknown

Describe prior site assessment activities (or attach "conclusion" section of report(s)):

Anticipated Future Use:

Residential ☐ Recreational ☐ Commercial/Retail ☐ Industrial ☐

Describe applicant's proposed vision for reuse of the area (a reuse plan):

Describe municipal commitment such as financial incentives to spur development (tax incentives, etc.):

Describe proposed funding sources for any site cleanup and current or past evidence of developer interest. (EPA program funds are for site assessment only, no cleanup money is being offered as part of this program):

Community-Based Planning and Involvement

Describe efforts to involve community organizations/the public in developing the reuse plan.

Describe efforts to develop partnerships at the local, state and/or tribal level with other stakeholders.

Describe how the project plans ensures future, long-term involvement of the community. In addition, describe proposed processes for actively seeking and using community input:

Describe plans for ensuring affected local community benefits environmentally and economically (directly or indirectly) from project activities and property reuse:

Risk Reduction and Protectiveness

Describe any known or perceived threats to human health and/or the environment associated with potential exposure to hazardous substances, pollutants, or contaminants from this property:

Describe the extent to known or potential threats to the health or welfare of children, pregnant women or any other sensitive population would be reduced by performing this assessment:

Environmental Justice

Describe how any affected local minority or low-income community has participated in project development and how community will continue to participate in its implementation:

Proposed Schedule

Provide a proposed schedule for the assessment and the overall reuse/redevelopment project:

In-Kind Contributions

Provide information on in-kind services or funding that may contribute to the assessment effort:

As a result of the Small Business Liability and Brownfield's Revitalization Act (Public Law 107-118, 1/11/02), certain changes were made in the Brownfield's Program. Petroleum, controlled substances and mine scarred lands are now eligible for funding. Additionally, certain sites are no longer eligible for funding and other sites can only be funded after EPA makes a "Property Specific Determination for Funding". Therefore, the following questions are to be answered as part of the evaluation process.

SITES NOT ELIGIBLE FOR FUNDING:

1. Facilities listed (or proposed for listing) on the National Priorities List.
2. Facilities subject to U.S. EPA unilateral administrative orders, court orders, administrative orders consent or judicial consent decree issued to or entered into by parties under CERCLA.
3. Facilities that are subject to the jurisdiction, custody or control of the United States Government.

SITES NOT ELIGIBLE FOR FUNDING WITHOUT A PROPERTY SPECIFIC DETERMINATION:

Please answer the following questions to the best of your knowledge. (Place an X next to the appropriate answer)

1. Is your site/facility subject to an **ongoing** U.S. EPA CERCLA removal action?
Yes ☐ **No** ☐
2. Is your site/facility subject to a unilateral administrative order, court order, administrative order or consent or judicial consent decree or to which a permit has been issued by the United States or an authorized state under the Solid Waste Disposal Act (as amended by the Resource Conservation and Recovery Act (RCRA)), the Federal Water Pollution Control Act (FWPCA), the Toxic Substances Control Act (TSCA), or the Safe Drinking Water Act (SWDA)?
Yes ☐ **No** ☐
3. Is your site/facility subject to U.S. EPA corrective action orders under RCRA (Sections 3004(u) or 3008(h)) and to which a corrective action permit or order has been issued or modified to require the implementation of corrective measures? **Yes** ☐ **No** ☐
4. Is your site/facility a land disposal unit that has filed a closure notification under Subtitle C of RCRA and to which closure requirements have been specified in a closure plan or permit?
Yes ☐ **No** ☐
5. Has your site/facility had a release of polychlorinated biphenyls (PCBs) that is subject to remediation under TSCA? **Yes** ☐ **No** ☐
6. Has your site/facility received funding for remediation from the leaking Underground Storage Tank (LUST) Trust Fund? **Yes** ☐ **No** ☐

Note: If you have answered Yes to any of these questions, you will need to prepare a "property specific determination". Please contact Herb Petitjean or Amanda LeFevre at the address or phone number below for further information.

PETROLEUM ONLY SITES

Please answer the following questions to the best of your knowledge:

1. Please perform a title search and list all of the former owners of the site.
2. Did any of the former owners cause/contribute to the contamination at the site?
Yes ☐ **No** ☐
3. Are any of the former owners financially able to conduct the site assessment?
Yes ☐ **No** ☐
